## GRANGE MIXTURE

Is The Best It Is Possible To Produce

In every industry, there are firms who lack the originality and the business foresight of selling their goods through good constructive argument. They believe, apparently, so little in the superior ment of their own productions that they resort to fault-finding with their competitor's wares,

Luck is Largely a Matter of YOU! We had a man come to us the other day wanting some Nitrate of Soda to put out right now, We believe in letting a customer decide for himself what sort of fertilizer materials he should use, but we intimated that he should use Grange Mixture for the first application, and then later on, if he found his crop needed it, he might put on an application of quick acting nitrate. This did not suit him, his idea, he said, was to use the nitrate now and let it push his cotton crop forward so he wouldn't have to work it!

If he follows that plan, when he goes to gather his crop next fall-Luck is going to be against The more ferulizer you put under your crop, the more you ought to work it. Isn't it foolishness to raise 500 pounds of seed cotion to the acre when you might raise twice as much? Just as much for gathering, just as much for seed, whether you raise ten bushels of corn to the acre of When David Dickson died, he left a Million Dollars He made it farming in Georgia. He was the first Southern farmer to make that much money farming, When David Dickson was "I don't mind spending a told that he spent too much money buying feitilizers, his answer was: dollar, when I can get back a dollar and a quarter, or a dollar and a half for it."

Farmers who stop to think about the brand of guano they buy-save a lot of money on it. Of course you pay for the fertilizer and pay for putting at on Bad or good it costs money. other day a merchant who sells nearly a thousand tons of fertilizers every year-not the Dothan Guano Co's brands-bougat fifty tons of Grange Mixture to put out on his own farms. him more money than the other kind. People call him a skin flint. ply knows what will pay him best to use and he pays the price for it and uses it.

G. W. Robinson.

## FERTILIZERS

We are handling the celebrated COWET fertilizers, and would like to figure with you your bill for this season.

We do not claim to have the only guano ma neither are we in the business of knocking competitor's goods, but we do say that there no better goods made than COWETA bran and a trial will convince you that we are right

We are not new people in the business, have been here several years, and our busin methods are known to the most of the people this section. Call on us.
